Position Title

Primary Faculty / Anatomy Lab Director

Position Description

Murphy Deming College of Health Sciences at Mary Baldwin University invites applications for Primary Faculty / Anatomy Lab Director position beginning in the 2025–2026 academic year.

This open-rank position is for a full-time, renewable, 12-month faculty member with administrative release for directing the anatomy lab (Tier 1). Responsibilities include teaching anatomy and other coursework across graduate health professions programs, advising students, and overseeing operations of the cadaver laboratory. This position ensures delivery of high-quality anatomy instruction, supports student learning and academic success, and maintains safe, ethical, and compliant management of all cadaveric materials and lab facilities. The faculty member contributes to program governance, assessment, and accreditation efforts consistent with institutional and appropriate accreditation standards (e.g., ARC-PA, ACOTE, CAPTE). Scholarship (path dependent) and participation in university, community, and professional service are required.

Required Qualifications

- Terminal doctoral degree required (Academic or Professional)
- Graduate Certificate, Master's, or Doctoral degree in Anatomy, Biological Sciences, or related field.
- Demonstrated experience teaching anatomy at the collegiate or professional level.
- Experience with human cadaver dissection and anatomical laboratory procedures.
- Strong verbal and written communication skills and commitment to student-centered education.

Preferred Qualifications

- Terminal academic degree (PhD, EdD)
- Experience managing an anatomy laboratory.
- Prior experience in medical or health professions education.
- Licensed healthcare provider preferred.

About Mary Baldwin University

Founded in 1842, Mary Baldwin University has a proud legacy of innovating to best serve our students as the world changes.

MBU is a small, coeducational university offering a range of degrees from bachelor to doctoral. We serve a diverse student population on our historic Staunton campus in the heart of downtown Staunton, Virginia, Murphy Deming College of Health Sciences in nearby Fishersville, and online.

MBU offers unique opportunities for our students to become leaders in the classroom, community, workplace, and in their own lives.

About Murphy Deming College of Health Sciences

Murphy Deming College of Health Sciences (MDCHS) was opened in 2014, with the intention of addressing health care workforce needs and the complex health issues of the region. The college accomplishes this through clinically focused professional programs in Nursing, Occupational Therapy, Physical Therapy, and Physician Assistants programs that concentrate on addressing regional health care needs. We believe that community health issues are best solved by professionals who value interprofessional collaboration and thrive in a culture that embraces inclusivity and equitable access to health care. Our vision is to be recognized as the primary regional partner to develop community-oriented interventions for the education of and provision of services to the public, thereby improving health and life outcomes.

Application Process

Mary Baldwin University is committed to promoting a culture of equity and inclusion among students, staff, and faculty. The university does not discriminate on the basis sex, gender, nor does the university discriminate on the basis of race, national or ethnic origin, color, age, disability, religion, veteran's status, sexual orientation, gender identity, gender expression or any other reason prohibited by law in provision of employment opportunities and benefits.
